TECHNICAL HIGH SCHOOL WELKOM

GRADE 8 ENROLMENTS: 2020

1. Introduction:

THS Welkom offers facilities that no other school in the Goldfields offer. The reason for this is that its workshops are well-equipped.

2. Subjects for grade 8 learners for the year 2020:

The following subjects are taught, not only by THS Welkom, but at every school in the Goldfields:

- Afrikaans First Additional Language / Afrikaans Home Language
- English Home Language / English First Additional Language
- Mathematics
- Creative Arts
- Economic and Management Sciences
- Life Orientation
- Natural Sciences
- Technology
- Social Sciences

3. What makes THS Welkom different?

Technology as a subject in other schools is presented without any possible significant practical background. THS Welkom has the workshops that accommodate all facets of its learners' practical needs.

All grade 8 learners attend different workshops on the timetable. They are divided into groups that rotate from one workshop to another.

4. What does THS Welkom then offer you up to grade 12?

From grade 10 to 12, THS Welkom acts as an institution for Further Education and Training (FET).

The following **compulsory** subjects for grade 10-12 are provided by THS Welkom:

- Afrikaans First Additional Language / Afrikaans Home Language
- English Home Language / English First Additional Language
- Mathematics / Technical Mathematics
- Life Orientation
- Physical Sciences / Technical Sciences
- Engineering Graphics and Design
- Technical Specialization Subject (see point 5)

5. Learners specialize in Grade 10 - 12 in respect of the following subjects to meet with the demands of the industry:

Mechanical Technology:

- ✓ Fitting and Turning
- ✓ Automotive
- ✓ Welding and Metalwork

Civil Technology:

- ✓ Construction
- ✓ Woodworking

Electrical Technology:

- ✓ Electrical
- ✓ Power Systems

The science of today is the technology of tomorrow – Edward Teller
